How to merge partitions in Windows 2008 Server without losing data?

Today's hard drives feature jaw-dropping amounts of space. But no matter how big your drive, you'll be amazed at how quickly application installs, browser caches, and temporary files can eat up your free space and clutter your system. Sooner or later, you'll find that the [system C drive is running out of space](#) on your Windows 2008 Server.

To solve this problem, you may consider free up space with Windows Cleanup utility, but generally, it can only free up a little free space. Don't try to delete Windows files or those files that you are not familiar with, as it is dangerous to.

The best way to solve this problem is to resize or merge partitions to extend the [system C drive](#). There is no need to delete, format partitions or rebuild the Server.

To resize partitions, please refer [how to resize partition in Windows 2008 Server](#). In this article, I'll tell you *how to merge partitions in Windows 2008 Server without losing data*.

How to merge Windows Server 2008 partitions?

Windows Server 2008 improved the ability of Disk Management and added new Shrink and Extend feature, but no Merge features. So to merge partitions in Windows Server 2008, you need to search third party [Partition Magic Server](#) software, such as [Partition Assistant Server](#).

[Partition Assistant Server Edition](#) is an ALL-IN-ONE Server disk management toolkit for Windows Server 2000, 2003, 2008 and Windows XP, Vista, Windows 7 (32 and 64 bit).

As Server Magic alternative, It performs basic and advanced hard disk partition maintenance, for example, resize, merge, shrink, extend system and data partition without losing data, etc.

How to merge partitions in Windows 2008 Server without losing data?

Launch Partition Magic Server, you'll see all disks and partitions that connected your computer. Click "Merge Partitions" feature on left "Partitions Operations" box.

Step 1: Select Partition C: and D:, select the target partition that you want to merge the partitions to in the drop-down box.
